

Be a **voice** for public schools!

The South Carolina School Boards Association Affiliate Membership

Boards governing South Carolina's publicly-supported educational institutions not designated as school districts such as career and technology centers, special schools, and county boards of education have a source for information and training they need to perform effectively through the SCSBA Affiliate Membership Program.

The ability of the schools to carry out their mission and vision depend on the strength of its board of trustees. The board carries the mission of the school into the community and brings the views of the community into the school.

Affiliate members have access to resources that can assist in their governance and leadership roles to ensure high levels of student achievement. They have access to training, consultant and subscription services, and self-insured programs for workers' compensation and property and casualty.

\$400 membership package includes for each board member ...

- promotional materials of SCSBA statewide training workshops
- subscriptions to SCSBA publications including the popular electronic news clipping service featuring education and political news stories in SC daily newspapers, the electronic Focus newsletter, Legislative Update, and other special issue publications.
- participation in the SCSBA Boardmanship Institute providing credits to board members attending statewide training workshops
- service awards

Each board receives ...

- gift for new Affiliates
- directory listing on the SCSBA Web site
- directory listing in the annual convention program
