District Reporting
• S.C. Code Regs. 43-58.1 Reporting of Terminations of Certain School District Employees
  • A District Superintendent is required to report any separation of a certified educator, based on allegations of misconduct, to the Chair of the State Board of Education and Superintendent of Education.
  • A District settlement agreement with an educator cannot circumvent this requirement.
  • Both the District Board and the Superintendent can be disciplined for failing to report.
Summary Suspension

• The State Board has the statutory authority to immediately suspend an educator’s certificate, if the educator may pose a threat to the health, safety or welfare of students.
• Summary suspension may be ordered at the time the SCDE initiates disciplinary action proceedings.

How Do We Investigate?

• The SCDE will investigate misconduct by gathering information from law enforcement, employers and other sources. The information is reviewed by the SCDE internal review committee to determine whether the conduct warrants action on the educator’s certificate.
After the Investigation

- Before the State Board takes disciplinary action, the SCDE sends the educator notice of the charges and of the right to a hearing.
- The educator has fifteen days to request a hearing. The hearing will be conducted before a hearing officer appointed by the State Board. The hearing officer will prepare a report and recommendations for the State Board.
- The State Board will determine the appropriate disciplinary action to be taken and will issue the Order. The educator may appeal the Order to the Administrative Law Court Division.

Just Cause

- 59-25-150 and Reg. 43-58. Revocation or suspension of certificate. The State Board of Education may, for just cause, either revoke or suspend the certificate of any person.

- State Board Orders are public documents and are posted on the South Carolina Department of Education (SCDE) website (https://ed.sc.gov/agency/gc/oda/). The Orders may be accessed by the last name of the educator or by the year in which the State Board took actions on the educator certificate.

What can we do to prevent sexual misconduct in our schools?

Educate District Administration, District Staff, Students, and Parents.
What is Child Sexual Abuse?

- Any sexual act between an adult and a minor or between two minors when one exerts power over the other.
- Forcing or persuading a child to engage in any type of sexual act. Besides sexual contact, it also includes non-contact acts such as exhibitionism, exposure to pornography, voyeurism, and communicating in a sexual manner by phone or internet.
- An agonizing and traumatic experience for its victims
- A crime punishable by law.

Background Information

Experts estimate that 1 in 4 girls and 1 in 6 boys have been sexually abused before their 18th birthday. A regular classroom could have between 4 and 6 students in their class who have been violated in some way. Students may have never been provided any guidance on what are inappropriate touches and that these touches are wrong.
Erin’s Law in South Carolina

SECTION 59-32-20. Selection or adoption of instruction units by state board required.

(A) Before August 1, 1988, the board, through the department, shall select or develop an instructional unit with separate components addressing the subjects of reproductive health education, family life education, pregnancy prevention education, and sexually transmitted diseases and make the instructional unit available to local school districts. The board, through the department, also shall make available information about other programs developed by other states upon request of a local school district.

(B) In addition to the provisions of subsection (A), before September 1, 2015, the board, through the department, shall select or develop instructional units in sexual abuse and assault awareness and prevention, with separate units appropriate for each age level from four-year-old kindergarten through twelfth grade.

MEET ERIN MERRYN

Erin Merryn is a childhood sexual abuse survivor turned author, speaker, child advocate and activist. She is also the founder and president of Erin’s Law.

A survivor of rape by an uncle, from age 6-8; plus incest by an older cousin, from age 11-13 (without her parents’ knowledge), Erin is now on a mission to persuade all 50 states to pass Erin’s Law, which mandates that all public schools use age-appropriate curricula to teach students how to report anyone who touches or attempts to touch their private parts.
**Requirement to Implement Erin’s Law**

The purpose of the law is to assure that all students, Pre-Kindergarten through High School receive this prevention instruction during the academic school year. The intent of the law is to give students skills in knowing how to stay safe from sexual assault and how to report any incidents of sexual assault. These instructional units were written as a resource guide for teachers to implement Erin’s Law. It is **NOT** mandatory that teachers use these resources. Schools and districts have the option to select their own materials for the instruction.

---

On August 12, 2015, the State Board of Education approved the SCDE: Comprehensive Health Education Instructional Units and Resources for Sexual Abuse and Sexual Assault Prevention.
School Staff Training

Prevention training should be provided for all school staff. This training should include mandatory reporting requirements, who should make reports and how these reports are to be made. Also, to understand how to detect physical, emotional, and behavioral signs of possible sexual abuse. Additional training information can be found from the following:

Requirement of Mandatory Reporting

When a child discloses a violation to a school employee (teacher, bus driver etc.) that individual must report the incident immediately to DSS and to Law Enforcement. Those reporting the information are not the investigators but should get the following information.

• WHO is the accused?
• WHAT did the person do?
• WHEN did it happen?
• WHERE did it happen?

STUDENT EXPECTATIONS FOR ALL GRADES

When using the Sexual Abuse and Sexual Assault Prevention Instructional Units, teachers should set the stage to be sure their classroom is a safe place.

• Everyone needs to know what to do if an adult acts in a sexual way with them or uses sexual words with them.
• It is acceptable to feel uncomfortable when discussing these issues.
• It is inappropriate to laugh or be silly in this type of discussion.
• Classroom discussions will not include what has happened or almost happened to a student or someone the student knows.
• When a student has something personal to share, it should be done in private with someone the student trusts. This includes the teacher, a guidance counselor, a teaching assistant, or administrator. All inappropriate actions should be reported.
• If something inappropriate happens to a student, the student should recognize it is not his/her fault.
